Experience

Crawford University

12 years 8 months

Admissions Officer

October 2021 - Present (8 months)

Ogun State, Nigeria

God helping in bringing the dynamics of my analytical skills to bear, mining the data available, development a pro-active dynamics and in 2 months, a new admission records was set for Crawford University. By three and a half month, Crawford University commissioned new hostels for male and female to handle the overflow.

My job was to turn around the fortune of admission into Crawford University, growing the indexes.
